1.0 Health & Safety Statement

In Pursuance of: The Health and Safety at Work etc. Act 1974 The Management of Health and Safety at Work Regulations 1999

Fareham College, through the Board of Corporation and the Principal, has responsibility placed upon it by The Health and Safety at Work etc. Act 1974, to provide and maintain safe and healthy working conditions, equipment and systems of work for all their employees, and to provide such information, training and supervision as they need for this purpose.

They also accept responsibility for the health, safety and welfare of other people who may be affected by our activities.

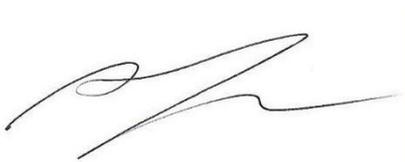

The College will need the support of all their employees in order to achieve the objectives of the safety policy. There will be employer / employee consultation on health and safety matters and individuals will be consulted before allocating particular health and safety functions.

The organisation and arrangements for implementing this policy are set out in the College Health and Safety Policy.

The College will ensure that all health and safety arrangements are appropriately implemented for staff and students involved in external work experience or work placement.

This Policy Statement and the College Health and Safety Policy will be regularly reviewed and revised, particularly as the business changes in nature and size.

Signed:

Andrew Kaye
Principal and CEO

Kevin Briscoe
Chairman

1.2 Purpose

This is the Health and Safety Policy Statement of Fareham College. It indicates the intention, organisation and arrangements regarding the safety and health at work of employees and others, whilst on the organisation's premises, undertaking College activities in the community or placed/working with other Companies/Organisations, for the purposes of educational and occupational training.

This Policy also addresses the organisation's approach regarding the safety and health of learners/ students, the public, visitors and contractors on its premises and those premises not owned by Fareham College.

Specific assessment of risk and supporting operational policies and procedures set out the health and safety arrangements, which the College will implement. These seek to eliminate, or reduce to minimum practicable levels, any risk to staff, learners/students, visitors and external clients

The policy is aligned with key stakeholder's policies and procedures. This includes the Education and Skills Funding Agency (ESFA) and The European Social Fund (ESF).

1.3 Intent

It is the policy of Fareham College to ensure, so far as is reasonably practicable, the health, safety and welfare of its employees while they are at work and of others who may be affected by their undertakings, and to comply with the Health and Safety at Work etc. Act 1974 and all other allied relevant legislation as appropriate. It is the responsibility and duty of all staff, learners/students and others to co-operate with the organisation and to conform and comply with the requirements of this policy and associated arrangements, procedures and Codes of Practice which apply.

1.4 Objectives

In order to achieve compliance with the statement of policy, the organisation, has set the following objectives that apply to staff, learners/students, visitors, external clients and stakeholders where appropriate:

- 1.4.1 To set and maintain high standards for health and safety at all operational sites and with partners and external contracts.
- 1.4.2 To provide working environments, in all areas connected with the organisation that are safe, without significant risk to health and provide adequate facilities and arrangements for the welfare of those at work.
- 1.4.3 To provide means of access and egress that are safe and without risk.
- 1.4.4 To provide plant, equipment and systems of work that are safe and without significant risk to health.
- 1.4.5 To provide information, instruction, training and supervision as is necessary to ensure the health and safety at work, of staff, learners and others undertaking their working activities, operating equipment and handling materials.
- 1.4.6 To plan arrangements for ensuring safety and absence of significant risk to health in connection with the use, handling, storage and transportation of articles and substances.
- 1.4.7 To identify risks and set in place procedures to remove or reduce these risks.
- 1.4.8 To enter into joint consultation on health, safety and welfare at work with its staff through the Health and Safety Committee meeting at least three times a year, communicating this policy and relevant information on health and safety issues via induction, on-going training and through Health and Safety Committee representation. Sub-committees will report to the main organisation Health and Safety Committee.
- 1.4.9 To provide protective clothing and equipment where necessary to meet the needs arising out of activities undertaken in connection with the operations of the organisation.
- 1.4.10 To provide first aid facilities and training for nominated personnel responsible for the administering of first aid; and to implement accident, RIDDOR (Reporting of Injuries, Diseases and Dangerous Occurrences Regulations) investigation and recording arrangements.

- 1.4.11 To have emergency procedures in place and nominated trained personnel to facilitate the evacuation or 'lockdown' of staff, learners/ students, visitors and contractors under such circumstances and to ensure hired premises have sufficient emergency procedures.
- 1.4.12 To monitor health and safety operations in all business undertakings.
- 1.4.13 To review, revise and add where necessary to this policy and operational procedures to ensure that current organisational arrangements, legislation and best practice are incorporated. Any such revisions or additions will be brought to the notice of staff and others to whom they apply.
- 1.4.14 The organisation also recognises its duty to conduct its undertaking in such a way as to ensure, as far as is reasonably practicable, that persons not in its employment but who may be affected thereby are not exposed to risks to their health or safety.

3.0 Arrangements to deliver this policy

This policy will be delivered by:

- The development of procedures, protocols and guidance that meet the requirements of health and safety law as applicable to the College which will be made available internally on the Health & Safety SharePoint site.
- Ensuring management conduct suitable and sufficient risk assessments and controls for their areas of responsibility
- The use of SharePoint to provide management tools to both assist managers to implement the Health and Safety management system and to monitor their progress
- The provision of appropriate health and safety training such as Health and Safety Awareness, Display Screen Equipment Assessment etc
- The promotion of health, safety and welfare of all colleagues through campaigns, communications, seminars and questionnaires
- Engaging our recognised trade union colleagues in effective consultation and actively supporting Safety Representatives in the fulfilment of their role

3.1 Monitoring

The effectiveness of the organisation's Health and Safety Policy will be monitored in the following way:

3.2.1 Accident/incident reporting and analysis

There are systems in place for reporting, recording and analysis of all accidents and incidents with a view to determining and reducing, as far as reasonably practicable, their causes

Investigations will be conducted, where appropriate, in order to determine potential breaches of statutory obligations or internal policy/procedures. These identify, where deemed appropriate, additional preventative and protective measures

Where the organisation is undertaking contracted work for another organisation, the accident reporting procedures will be clarified in the agreement with that organisation

3.2.2 Measuring performance

Inspections, risk assessments and health and safety audits will be carried out at the organisation's workplaces and the resulting action plans addressed by managers in conjunction with representative

The Health and Safety Officer will formally monitor the site health and safety inspections and risk assessments completed through an internal audit programme

3.2.3 Reviewing Performance

The Health and Safety Officer will prepare an annual report evaluating the health and safety performance of the organisation. The annual report will refer to the following areas:

- Health and safety performance for the previous year
- Measuring performance statistics
- Health and safety learning and development
- Health and Safety planning for the coming year

The report will be submitted to the Board of Governors

3.3 Implementation

The policy describes a broad range of responsibilities across all levels of the college. The Policy will be delivered and followed at all levels and maintained to ensure that the College provides a safe environment. It is the responsibility of any staff who suspect for any reason, that the policies or procedures are no longer effective or are not being followed, to highlight this with their individual line managers and the Health & Safety Officer for potential review.

The full delivery of a safe workplace is supplemented by carrying out of risk assessments specific to individual work areas generated within faculties/departments which will contain additional controls, procedures and instructions not detailed in this policy

3.4 Presentation and Review

This policy and any revisions will be drawn to the attention of every stakeholder, partnership and employee of the organisation

The contents of the documents produced under this policy will be brought to the attention of anyone for whom the contents are relevant

This policy and accompanying documentation will be reviewed and where necessary revised on an annual cycle unless an earlier review is prompted by changes in organisational structure, legislation or procedures

3.5 Supplementary Policies and Guidance

The organisation Health and Safety Policy will be supplemented by a number of specific policies and related procedures which will be reviewed and updated as appropriate. All policies will be available on the intranet. Department specific policies will be kept in local files. Please see appendix 1 for a list of policies and guidance available on the organisation's intranet
